# Kishaan Pure Ghee

A2 Cow Ghee means the powerhouse of health benefits that can boost weight loss, balance hormones, maintain healthy cholesterol, and even protect your skin. A2 ghee means a type of clarified butter that is made from the milk of cows that naturally produce the A2 beta-casein protein. A2 ghee means a particular variety of clarified butter derived from cows whose milk naturally contains the A2 beta-casein protein. This protein is found in the milk of cows that are descended from the ancient Indian cow breeds such as Gir, Sahiwal, and Red Sindhi. According to Ayurvedic research, pure A2 ghee off your kitchen shelves is one of the healthiest ways to get instant energy, and our beloved Indian sweets are living proof of that.
